The Role of Courts in Contemporary Legal Orders aims to address the rising importance of courts in contemporary legal orders. It explores the role of courts on national, international, supranational and global level. The book provides for a multi-discursive analysis – theoretical and comparative, exemplified with case-studies.

This book is a timely and topical analysis of pressing issues related to the enhanced role of courts in politics and the increased impact of politics on courts. It explores fundamental issues such as the legitimacy of courts, judicial activism, theory and philosophy of judicial decision-making, and the impact of politics, ethics, logic and technology on legal argumentation. It provides an analysis of the role of courts in supranational and global constitutionalism. Furthermore, the role of constitutional courts, administrative courts and criminal courts as well as the most important international and supranational courts is critically assessed. Special attention is devoted to the role of courts in the context of democratic backsliding, illiberal democracies and populist constitutionalism. Key issues related to the impact of courts on environmental and human rights’ protection are also addressed. The book finishes with the provocative chapter on the alternatives to courts.

Author's information
Prof. Dr. Martin Belov teaches constitutional law, comparative constitutional law and EU constitutional law at the University of Sofia ‘St.Kliment Ohridski’, Faculty of Law. He is also vice dean of this faculty. Prof. Belov has been visiting professor in many universities in Germany, Italy, Spain, Portugal, Sweden, Greece, Poland, and the Czech Republic. He has been visiting researcher at Max-Planck Institute for European Legal History (Frankfurt/Main, Germany) and at the Institute for Federalism (Fribourg, Switzerland).

## Introduction

### Part I Theory and Philosophy of Judicial Decision-Making: The Impact of Politics, Ethics, Logic and Technology on Legal Argumentation

1. Epistemic Reasonableness: Ethical and Epistemological Reflections from BARD  
   Michele Mangini  
   37

2. Judicial Ethos and the Role of Impartial Courts in a Culturally Divided World  
   Ioannis A. Tassopoulo  
   59

3. Judicial Dialogue between Ethics and Logic  
   Tomáš Gábríš  
   71

4. Do Judicial Decision-Making and Quantum Mechanics Have Anything in Common? A Contribution to Realist Theories of Adjudication at the CJEU  
   Tamara Čapeta  
   83

### Part II Legitimacy of Courts: Judicial Activism, Supranational Judicial Empire and Beyond

5. Global Rule of Law Instead of Global Democracy? Legitimacy of Global Judicial Empire on the Edge between Westphalian and Post-Westphalian Constitutionalism  
   Martin Belov  
   99

6. Judicial Activism and the Democratic Legitimacy of Courts  
   Dilyan Nachev  
   133

7. Legal Realism versus Legal Ideology: On Explanatory Models of Judicial Activism  
   Simeon Groysman  
   139
